To Whom It May Concern:

This letter of recommendation is for Medha Sakhamuri, Who worked with us as an intern from May 13th - August 8th. I've had the pleasure of selecting Medha to work with my team as an intern through the Randstad Intern Program. Although soft spoken, Medha has a great demeanor, well spoken, a very quick learner, highly regarded among her peers and colleagues and one of the most knowledgeable people I've had the honor of working with. Seeing Medha leave is not easy and if I had the opportunity to keep her I would because of the following reasons.

- Hardworking
- Positive attitude
- Quick learner
- Strong critical thinking skills
- Works well with others

But most of all, in less than 3 months thanks to Medha who created a lookerstudio reporting dashboard, we are now able to change the way our department will move forward with our new reporting structure.

If you choose to hire Medha you will grow, prosper and succeed because Medha accepts no less of herself. Please feel free to reach out to me with any further questions or concerns in regards to Medha anytime at the number listed below.

Thanks,
